

EOS SWGD Data Access and Usability Workshop

EDC LP DAAC
Science Advisory Panel Meeting
September 10, 2002

Robert E. Wolfe
NASA GSFC Code 922, Raytheon ITSS

Details (1/2)

- Will include panel discussions and breakouts by individual users describing
 - their objectives
 - the type of EOS data they need
 - how they get the data
 - how usable they found the data
- SWGD is interested in any barriers users encountered and how the barriers were overcome
- Scheduled for November 5 and 6, 2003
- Expecting 70 to 100 people to attend the workshop
 - individual users
 - EOS science team members
 - EOS project and DAAC staff

Details (2/2)

- Panels (~6 members each):
 - Climate researchers
 - Earth Science researchers
 - Applications and Operations Community
 - Education and Outreach Community
- Asking DAAC UWG/SAP for input
- Modeled after SWGD LTA workshop
- Recommendations will be broadly distributed
